## IFRS Update (2 hr)

The preparation of financial statements using IFRS is a challenge for a lot of practitioners, not least because it is a regime which many encounter relatively rarely in practice. This seminar will explain all the key things that accountants and auditors should be thinking about in advance of December 2022 year ends and will highlight the most common problems with existing standards and how to tackle them. Topics will be finalised nearer the time based on the latest guidance and feedback from regulators and amendments by the IASB.

## Topics covered may include:

- Changes to accounting and disclosure rules for December 2022 year ends
- Common problem areas and how to tackle them
- Regulator feedback

## Autumn Financial Reporting Update (3 hr)

The update will cover all the latest changes to UK GAAP, new FRC and ICAEW guidance and news from Companies House. The seminar will use practical examples and case studies and will cover:

- Recent changes to FRS 102 and FRS 105
- Changes to other relevant accounting standards and SORPs
- Any relevant Exposure Drafts, including the consultation on the periodic review
- The latest Coronavirus related accounting issues
- Companies House update electronic filing and the latest on filing deadlines
- The latest on narrative reporting
- The latest guidance from ICAEW

## A-Z of Charity Accounts (2 hr)

Charities are different! From their sources of income to the very reason they exist, these differences are reflected in charity financial statements. This course will walk through a set of charity financial statements, highlighting the key notes and disclosures unique to charities and linking them to the needs of a potentially diverse set of stakeholders. It will focus on common weaknesses and provide practical tips for avoiding them.

## Topics covered include:

- The Trustees' Annual Report
- Analysis of income and expenditure
- Fund disclosures and analysis
- Transactions with trustees and other related parties
- Remuneration disclosures
- Additional requirements for larger charities

## Financial Reporting and Tax Update (3 hr)

Tax and accounting interrelate lots and we get many questions about the important similarities and differences between the rules. This course will compare and contrast accounting and tax treatments in a range of different areas, providing an invaluable insight.

## Topics covered will include:

- Important recent developments in corporate tax and how they affect accounts
- Tax and accounts and tax in accounts presenting the tax numbers in the financial statements

## Anti-Money Laundering – Comprehensive Learning Programme

Compliance with the anti-money laundering regime is mandatory for all staff in all firms of accountants, including subcontractors. To help money laundering reporting officers comply with their obligations in this area – and protect them and their staff – Insight Training has produced a suite of four pre-recorded webinars with supporting materials and assessments. A fifth module is available for non client facing staff, who need less detail, but are still required to be aware of the regime and its requirements.

Ideal for new starters, or to bring out of date training records up to date, each training webinar or module lasts about 20 minutes. A multiple choice assessment is completed at the end of the series with scores emailed to delegates to evidence that they have successfully completed the programme.

## Module 1

This module introduces participants to the AML regime, its key features, what staff need to do to comply and what money laundering is.

## Module 3

It is a legal requirement for anyone working in an accountancy practice to report suspicions of criminal conduct to the Money Laundering Reporting Officer. This module will explain the legal background to this requirement, what the reporting process should involve and the sort of issues that might need to be reported.

## Module 2

This module walks participants step by step through what is required in terms of risk assessment and due diligence at the point of new client take on, what needs to be documented and why it matters.

## Module 4

This module will look at a number of other procedural requirements that are important for staff working in an accountancy practice. These include the need to perform ongoing due diligence checks and obligations in respect of the Bribery Act and GDPR.

Alexandra Durrant is a chartered accountant and director of a practice which provides audit, tax and accounting services to clients, including payroll services and advice on PAYE and National Insurance legislation. Alexandra regularly writes and lectures on payroll, PAYE, National Insurance and benefits in kind and expenses.

Clare Jones has a professional practice background and is an experienced trainer, specialising in IFRS, UK GAAP and auditing. Clare has delivered numerous courses around the world and leads on IFRS programmes for Insight Training.
